

**To Find Out
The Keggs**

<http://www.youtube.com/watch?v=bwTQohyalHM>

Here s something no one s done before, a chord and lyric sheet of the 60s garage punk

classic by Detroit's The Keggs.

I ve figured all the chords out by ear (hard to do with out-of-tune guitars on the

record :)) so if any of them seem wrong make a suggestion.

For a proper feel, detune or don t tune your guitar to get just a similar sound to the record.
