Audrey

**E** **B**  
Audrey was a girl that sat in my classroom  
**Cm#** **A**  
she never said a word she just sat there so furtively  
**E** **B**  
I never noticed her until I heard the radio  
**Cm#** **A**  
telling about the way she took her life  
**E** **B**  
today it s all upon the covers of the papers  
**Cm#** **A**  
about her folks at home I guess her daddy is a drinker  
**E** **B**  
her mummy left her when she was just a tiny child  
**Cm#** **A** **B**  
tell my Audrey was that the first time you felt abandonment

**E** **B**  
Hold on baby don t be sorry  
**Cm#** **A**  
cause every day has it s up s and downs  
**E** **B**  
Hold on baby they ll be sunshine  
**Cm#** **A**  
every life has it s stormy nights

Come to think about it there are some things  
I can recall about her arms they had blue spots on them  
I remember then thinking these thoughts to myself  
Is it wrong to wonder about somebody else s problems  
I m not burdened with at all

Hold on baby don t be sorry  
cause every day has it s up s and downs  
Hold on baby they ll be sunshine  
every life has it s stormy nights

**E** **Cm#**  
Oh there there she lays down in the button of the river  
**E** **Cm#**  
tell me what crime did it take that tore this girls only willingnes  
**B** **A**  
but I will pray that someday she ll rise again

Well if you re up their I hope you can see my sorrow and the pain of guilt

I never asked you how you were  
But one thing I can assure you after witnessing  
what has been done I will open my heart to the new girl that sits next door

**D** **A**  
Hold on baby don t be sorry  
**Bm** **G**  
cause every day has it s up s and downs

**D** **A**  
Hold on baby they ll be sunshine  
**Bm** **G**  
every life has it s stormy nights

Hold on baby don t be sorry  
cause every day has it s up s and downs  
Hold on baby they ll be sunshine in your life
