

Crippling Blow
The Killers

The Killers
A Crippling Blow (Human Single)

Kinda hard to hear the words so I probably got the lyrics wrong. I tabbed out the chords in the chorus, and to play the G#m just strum down like four times. Pretty basic hopefully someone can tab it out completely.

G#m

Here in the house
time is sweet
I hear the children
playing in the street
Out where the hot winds
blow a gentle breeze
Oh oh oh oh oh

C#5

I don t need time

A

G#m

no I can get by myself

C#5

I don t need time

I don t know why

A

A danger to the doubters they assume
