

**Black Balloon**  
**The Kills**

**Bbm** **C#**  
Elevator straight into my skull  
**Bbm** **C#**  
the escalator rises as it falls  
**G#** **F#**  
i swear our jet is crashing in my mind  
**G#** **Fm**  
you can hold on but i wouldn't waste your time

**F#** **Bbm**  
Farewell my black balloon  
**F#** **F#7M**  
Farewell my black balloon

**Bbm** **C#**  
I've stood in a thousand street scenes  
**Bbm** **C#**  
just around the corner from you  
**G#** **F#**  
on the edge of a dream that you have  
**G#** **Fm**  
has anybody ever told you, it's not coming true?

**F#** **Bbm**  
Farewell my black balloon  
**F#** **Bb**  
Farewell my black balloon

**Bb** **G#** **Eb** **Bb**
