

Black Balloon
The Kills

Bbm **C#**
Elevator straight into my skull
Bbm **C#**
the escalator rises as it falls
G# **F#**
i swear our jet is crashing in my mind
G# **Fm**
you can hold on but i wouldn t waste your time

F# **Bbm**
Farewell my black balloon
F# **F#7M**
Farewell my black balloon

Bbm **C#**
I ve stood in a thousand street scenes
Bbm **C#**
just around the corner from you
G# **F#**
on the edge of a dream that you have
G# **Fm**
has anybody ever told you, it s not coming true?

F# **Bbm**
Farewell my black balloon
