

Black Balloon
The Kills

G#m **B**
Elevator straight into my skull
G#m **B**
the escalator rises as it falls
F# **E**
i swear our jet is crashing in my mind
F# **Ebm**
you can hold on but i wouldn t waste your time

E **G#m**
Farewell my black balloon
E **E7M**
Farewell my black balloon

G#m **B**
I ve stood in a thousand street scenes
G#m **B**
just around the corner from you
F# **E**
on the edge of a dream that you have
F# **Ebm**
has anybody ever told you, it s not coming true?
