

**Black Balloon**  
**The Kills**

**Bm** **D**  
Elevator straight into my skull  
**Bm** **D**  
the escalator rises as it falls  
**A** **G**  
i swear our jet is crashing in my mind  
**A** **F#m**  
you can hold on but i wouldn't waste your time

**G** **Bm**  
Farewell my black balloon  
**G** **G7M**  
Farewell my black balloon

**Bm** **D**  
I've stood in a thousand street scenes  
**Bm** **D**  
just around the corner from you  
**A** **G**  
on the edge of a dream that you have  
**A** **F#m**  
has anybody ever told you, it's not coming true?

**G** **Bm**  
Farewell my black balloon  
**G** **B**  
Farewell my black balloon

**B** **A** **E** **B**
