**The Kills**

The Last Goodbye by The Kills  
Album : Blood Pressures

**C**      **Am**      **Dm**      **G**  
It s the last goodbye, I swear  
      **C**      **Am**      **Dm**  
I can t rely on a dime-a-day love  
          **G**  
That don t go anywhere

**C**      **Am**      **Dm**      **G**  
I learn to cry for someone else  
      **C**      **Am**      **Dm**  
I can t get by on an odds and ends love  
          **G**  
That don t ever match up

**Dm**  
I heard all you said  
          **G**  
And I took it to heart

**C**      **Am**      **Dm**      **G**  
I won t forget, I swear  
          **C**      **Am**  
I have no regrets  
          **Dm**  
For the past is behind me  
      **G**                          **Am**      **G**  
Tomorrow reminds me just where

**C**  **Am**  **Dm**  **G**

**C**  **Am**  **Dm**      **G**  
Can t quite see the end  
          **C**  **Am**      **Dm**  
How can I rely on my heart if I break it  
          **G**  
With my own two hands

**Dm**  
I heard all you said

**G**

And I love you to death

**Dm**

I heard all you said

**G**

Don't say anything

**C**

**Am**

**Dm**

**G**

It's the last goodbye, I swear

**C**

**Am**

**Dm**

I can't survive on a half-hearted love

**G**

That will never be whole
