

Siberian Nights  
The Kills

**Bbm** **G#**  
I could whip you up like cream  
**F#** **Fm**  
I could drink your seven seas  
**Bbm** **G#** **F#** **Fm**  
Is that too close for comfort?  
**Bbm** **G#**  
I could make you come in threes  
**F#** **Fm**  
I'm half way to my knees  
**Bbm** **G#** **F#** **Fm**  
Am I too close for comfort?

**Bbm** **G#**  
For the tyrants in a rut, I got a love  
**F#** **Fm**  
For the gutless dogs, I got a love  
**Bbm** **G#** **F#** **Fm**  
For the doomed youth, I got a love

**Bbm** **G#**  
Won't you tell me please  
**F#** **Fm**  
Why they got no love for me  
**Bbm** **G#**  
Won't you tell me please  
**F#** **Fm**  
Why they show no love for me

**Bbm** **G#**  
I'll be charging through your dreams  
**F#** **Fm**  
Riding bare chest silver steed  
**Bbm** **G#** **F#** **Fm**  
Am I too close to the bone?

**Bbm** **G#**  
Shake a little hup two three  
**F#** **Fm**  
I'm Jesus, rip my jeans  
**Bbm** **G#** **F#** **Fm**  
Am I too close for comfort?  
**Bbm** **G#**  
For the millionth time, I got a love  
**F#** **Fm**  
For the blue eyed boys, I got a love

**Bbm**                    **G#**                    **F#**            **Fm**  
For the cruel youth, I got a love

**Bbm**                    **G#**  
Won't you tell me please  
                                 **F# Fm**  
Why they got no love for me

**Bbm**                    **G#**  
Won't you tell me please  
                                 **F#**            **Fm**  
Why they show no love for me

**Bbm**                    **G#**                    **F#**            **Fm**  
Won't you help me get through these Siberian nights?  
**Bbm**                    **G#**                    **F#**            **Fm**  
Won't you help me get through these Siberian nights?  
**Bbm**                    **G#**                    **F#**            **Fm**  
You know it's hard for me to be alone  
**Bbm**                    **G#**                    **F#**            **Fm**  
Tomorrow we'll go back to our sides  
**Bbm**                    **G#**            **F#**            **Fm**  
But tonight I need some warmth
