

Siberian Nights  
The Kills

**G#m** **F#**  
I could whip you up like cream  
**E** **Ebm**  
I could drink your seven seas  
**G#m** **F#** **E** **Ebm**  
Is that too close for comfort?  
**G#m** **F#**  
I could make you come in threes  
**E** **Ebm**  
I'm half way to my knees  
**G#m** **F#** **E** **Ebm**  
Am I too close for comfort?

**G#m** **F#**  
For the tyrants in a rut, I got a love  
**E** **Ebm**  
For the gutless dogs, I got a love  
**G#m** **F#** **E** **Ebm**  
For the doomed youth, I got a love

**G#m** **F#**  
Won't you tell me please  
**E** **Ebm**  
Why they got no love for me  
**G#m** **F#**  
Won't you tell me please  
**E** **Ebm**  
Why they show no love for me

**G#m** **F#**  
I'll be charging through your dreams  
**E** **Ebm**  
Riding bare chest silver steed  
**G#m** **F#** **E** **Ebm**  
Am I too close to the bone?

**G#m** **F#**  
Shake a little hup two three  
**E** **Ebm**  
I'm Jesus, rip my jeans  
**G#m** **F#** **E** **Ebm**  
Am I too close for comfort?  
**G#m** **F#**  
For the millionth time, I got a love  
**E** **Ebm**  
For the blue eyed boys, I got a love

**G#m**                    **F#**                    **E**            **Ebm**  
For the cruel youth, I got a love

**G#m**                    **F#**  
Won't you tell me please

**E Ebm**  
Why they got no love for me

**G#m**                    **F#**  
Won't you tell me please

**E**                **Ebm**  
Why they show no love for me

**G#m**                    **F#**                                    **E**            **Ebm**  
Won't you help me get through these Siberian nights?

**G#m**                                    **F#**                                    **E**                **Ebm**  
Won't you help me get through these Siberian nights?

**G#m**                    **F#**                                    **E**            **Ebm**  
You know it's hard for me to be alone

**G#m**                    **F#**                                    **E**            **Ebm**  
Tomorrow we'll go back to our sides

**G#m**                                    **F#**            **E**            **Ebm**  
But tonight I need some warmth
