

**All Nazi Skinheads Are Gay**  
**The King Blues**

Very funny song that I have only been able to find as an acoustic live version on  
Most of it is on Ukulele but here it is on guitar....

intro: G D C

G D C  
Well the first time I saw a racist  
G D C  
His trousers were oh so tight  
G D C  
I assumed that they would split  
G D C  
At some point during the night  
G D C  
He wore kinky boots of leather  
G D C  
His massive feet on display  
G D C  
And I wondered to myself....  
G D C  
Are all Nazi skinheads gay?

(repeat chords four times or something)

.... you get the idea.....

Well they Hang around with other men,  
Never a woman in sight  
He d probably even fancy me  
Well he would if you were white  
Well come out of the closet boy (?? not sure bout these lyrics the crowd tends  
to be  
at this point!)  
It s alright with us we say  
We don t wonder anymore coz we know  
All Nazi skinheads are gay...

king blues are class.... anyone who knows how to play any of their stuff should  
submit it.....
