A F# Bm E7

Lookin in the sky, for a gap in the clouds,

But I d rather be here than in that dirty old town,

I had to leave the city cos it broke me down,

A F# Bm E7 A F#

Oh holiday, oh what a lovely day today,

I think I ll get down on my little knees and pray, thank you Lord,

I don t need no sedatives to pull me round,

E E7

I don t need no sleeping pills to help me sleep sound,

A F# Bm E7 A F#

Oh holiday, oh what a lovely day today,

A **F#** **Bm** **E7**
Lying on the beach with my back burned rare,
A **F#** **Bm** **E7**
And the salt gets in my blisters and the sand gets in my hair,
A **A7/G** **D/F#** **Bm5-/F**
And the sea s an open sewer, But I really couldn t care,
E **E7**
I m breathing through my mouth so I don t have to sniff the air,

Note: In the E...E7 part there is a nice descending bass line. Also I think the major/minor qualities of the chords are alright.
