See My Friends
The Kinks

Song: See my friends
Artist: The Kinks
Composer: Ray Davies

Tabbed by DJ (DiddyD at ultimateGuitar.com)

The song was inspired by a trip to India,
and also the death of Ray Davies sister.

TUNING:
D#-G#-C#-F#-A#-D#
I think on the original single version the guitars are tuned a
half-step down from standard tuning (or maybe it was in concert pitch,
but the backing tracks were slowed down before the vocals were added)

I m sure this is not the way the Kinks played it, but I think
it works well when you only have one guitar to accompany yourself.

To try and emulate the Indian feel of the droning strings,
slide the shape for the D6sus2/E up two frets for the E7sus2 chords.

The names sound very complicated, but a lot of the shapes I ve
selected are relatively similar and simple moveable chords.
