

**Forgive & Forget**  
**The Kooks**

**G#m** **F#**  
Don t say that I never moved you  
**G#m** **F#** **E** **F#**  
Just because I saw the life before you did  
**G#m** **F#**  
And yes I know that I never showed you  
**G#m** **F#** **E** **F#**  
All the rooms inside my soul

**F#** **E** **B** **F#**  
Yeah!  
**F#** **E**  
Yeah!

**B**  
You say you need someone to love you  
**F#**  
But it ain t me...

**F#** **E**  
Walking up and down the hall  
**B** **F#**  
Frankie and his third lover  
**F#** **E**  
Speaking all the words she wants to hear  
**B** **F#**  
But that don t mean forever

**F#** **E**  
Yeah!  
**B**  
You say you need someone to love you  
**F#**  
But it ain t me...

**F#** **E**  
Sitting down by the fire  
**B** **F#**  
Frankie plays the guitar  
**F#** **E**  
To people playing make believe  
**B** **F#**  
They say: Can we get a little higher?

**F#**  
You give it away x4  
**E** **B**  
So easy Baby

**F#**

But I can't stand an hour break, another day

**E B**

So let me make it easy Babe

**D**

And it goes on and on and on and on

**E**

on and on and on

**F#**

**E**

Packing her bags, she found somewhere to stay

**B**

**F#**

And in the car to the station

**F#**

**E**

You know the world a little brighter

**B**

**F#**

And then there's no need for conversations...Tell me why

**F#**

You give it away x4

**E B**

So easy Baby

**F#**

But I can't stand an hour break, another day

**E B**

So let me make it easy Babe

**D**

And it goes

Yeah! You say you need someone to love you

**F#**

**E**

Yeah!

**B**

You say you need someone to love you

**F#**

But it ain't me...

**F#**

Yeah!

**E**

So I forgive and forget you

**B**

You say you need someone to love you

**F#**

But it ain't me...
