

How'd You Like That  
The Kooks

Intro: B D#m G#m F#

Well, I was sleeping, only in my head.

Slipping in and out of time

And I was lifting, always higher

And the women of heaven sang

They were singing

How d you like that? How d you like that? How d you like that?

I like it.

How d you like that? How d you like that? How d you like that?

It lifts me up

What better time to take a ride with you

Through the universe tonight

The look of silence Much like your face

And the symphony that helps me sing

How d you like that? How d you like that? How d you like that?

I like it.

How d you like that? How d you like that? How d you like that?

I only just let go
