Is It Me
The Kooks

***Playing with your capo on the fourth fret
***makes the song a lot easier to play

[Verse]
```
          E           D#m            C#m                        D#m
      Is it me, is it you, is it the times that we re living through?
      Was it hard, when i had to leave, that day seemed to change
      We all need someone to guide us, someone to introduce the show
```

[Bridge]
```
          E                 D#m
      I need someone just like you,
          C#m            F#       F#      F#    F#
      Someone to let me know I could lose it all
```

[Chorus]
```
          E           E                   C#m     C#m
      Well I begin to breakdown searching overtime
      Bring me your pig s heart and a glass of wine
              F#                  F#
      There was nothing that you could ve done
      There was nothing that you should ve said
          Bm                    A               E    E
      We re both still chasing shadows in our heads
                   F#    F#    F#    F#
      It was all too soon
```

[Verse]
```
      But is it me, is it you, is it the times that we re going through?
      Was it hard, did your heart break down? Is your mind still in control?
      There is a violence in love, somethings I ll never understand
```

[Bridge]
```
      So when the bullets missed you out
      They hit me and I m falling down again
```

[Chorus]
```
      Well I begin to breakdown searching overtime
      Bring me your pig s heart and a glass of wine
      There was nothing that you could ve done
      There was nothing that you should ve said
      I m still chasing shadows in my head
      It was all too soon
```

[Solo]
```
      |E   F#|D#m   E|E   F#|D#m   E|D#m  C#m|F#   F#|
```
