The Saboteur
The Kooks

from PC89:
The Kooks - The Saboteur

Intro
Am Am Gm Gm x4
A x4

```
A                           D        C       A     A
 I am the saboteur and I ll let you into my world
A                                 D          C      A       A
 Sometimes it s hard to live and sometimes it s hard to love me
    A                          D               C        A  A
 I keep pushing you away, doing things so you won t stay with me

C   G   G   F   C        F to C very quickly
 Ah-ah, ah-ah, oooh...
C   G   G   F   C
 Ah-ah, ah-ah, oooh...

           G           F            C  C
 Wouldn t it be cool, if I could let it go
             G           F            C     C
 All of the things that I never seem to control
```

Bx4

```
B                           E       D       B    B
 I am the saboteur and I m fighting inside my mind
B                           E       D      B    B
 The harder I ignore is the more it crashes down
B                                 E       D         B    B
 I see you by, you push me babe, see if I fade away in time

D   A   A  G  D        G to D very quickly
 Ah-ah, ah-ah, oooh...
D   A   A  G  D
 Ah-ah, ah-ah, oooh...

           A           G           D  D
 Wouldn t it be cool, if I could let it go
             A           G           D   D
 All of the things that I never seem to control
```

C#m C#m Bm Bm x2

```
Bm  Bm  C#

C#                              F#      E       C#      C#
 I am the saboteur and I ll let you into my world
C#                              F#     E       C#    C#
 I m love in here but I ll never let you know
C#                              F#       E       C#      C#
 Well I m the big means anymore, anymore as I stand tall

E
           B            A            E E
 Wouldn t it be cool, if I could let it go
           B            A                E E
 Wouldn t it be cool, if I could let it all go
           B            A        E E
 Wouldn t it be cool, if I could let it go
           B            A            E E
 Wouldn t it be cool, if I just letting all go
```
