

Paris Summer

The Last Shadow Puppets

[Verse]

Am

Walking down some cobbled street
The sound of water near my feet
I found her

Dm

A hundred thousand flashes hit my mind

Am

Soon my arms were all around her

Em

We lay and let our heart take wings

Am

and fly across the Seine

Em

Love came for us from the sky

Am

pretending it was rain

Am Dm

Am

Ooh ooh, Paris summer

[Verse]

Am

Standing on some cobbled street
The sound of water near my feet
You found me

Dm

I took the wedding ring off of my hand

Am

Before he put his arms around me

Em

I lived my lie and dreamed his dreams

Am

And lay beyond the Seine

Em

Am

When I left the tears I cried he thought were just the rain

Am Dm
