Feel free to comment and rate =)

Standard tuning  
Capo on 4th fret

**Am** **F** **C** **G**  
I m wide awake and you look perfect next to me  
**Am** **F** **C** **G**  
This photograph, I look so deep sometimes I hear you breathe  
**Am** **F** **C**  
I m here alone trying to hang onto my soul  
**G** **Am** **F** **C** **G**  
But the distance takes it s toll you know you know

**Am** **F**  
I m out here doing all I can  
**C** **G**  
You make me everything I am  
**Am** **F**  
Give me strength to get through somehow  
**C** **G**  
I keep praying that it won t be long now

**Am** **F**  
There ll come a day  
**C** **G**  
When I can hold you and say it s forever  
**Am** **F**  
There ll come a day  
**C** **G**  
When these broken lives fade back together  
**Am** **F**  
There ll come a day  
**C**  
When I won t feel like this  
**G** **Am**  
I ll find my way There ll come a day

[F C G]

I ve seen enough things I wish I could erase  
I shut my eyes and take myself back to a safer place  
Where I can live the life you left behind  
But as long as you re still mine all mine all mine

I m out here doing all I can  
You make me everything I am  
Give me strength I won t let you down  
I keep hoping that it won t be long now

There ll come a day  
When I can hold you and say it s forever  
There ll come a day  
When these broken lives fade back together  
There ll come a day  
When I won t feel like this  
I ll find my way There ll come a day

I ve stood for all that I believe in  
It s time now to start that healing  
Take back the stolen time  
And take back my life

There ll come a day  
When I can hold you and say it s forever
