Hold me tight for a million years, your blood s in mine, it s like holy wine
Lost inside those big brown eyes, your lips touch mine and my eyes go blind

A G

(Reaching out) skin touch skin

A D A

(Reaching out) my ups come down to the love explosion

G A

A mission of sin (we re reaching out)

D G

My ups come down to the love explosion

A smile for all the moments that made me hold my breath, made me tell myself
The hours were never lost on you, a mystery is what you are to me
