THE LIGHTNING SEEDS: The Nearly Man

Intro and Verse: **Dm F C G**

Down here at the bottom when you re staring at the top
With a headful of ideas, I m only flesh and blood
On an eiderdown of glory and a pillow of desire
Drifting on an ocean and the waves wash through my mind

F Dm Am
Something haunts us, kicks the stars from our skies

F Dm Am
Blows the lights out with a whisper and sighs

F G Am
If you re down, down, I m down, down

G F Am
And when you re down, down, I m down, down

Well I was nearly me and you were nearly you
The nearly man was nothing, he was never any use
Beaten down by generations of generations beaten down
There s nothing I can promise that my conscience will allow
