THE LIGHTNING SEEDS: Thinking Up Looking Down

E A F#m

In all your life to treasure there

E A B G#m

There s precious times and times when it s hard to care

A

And they touch you with that magic touch

E

And you shine

You ve shed that skin, it s lying there

Where are you now? I hope it s heaven there

E A B

So hold on tight, and dry those eyes, and never cry

Cause in this world you re upside down when you first come round

In this world you re upside down when you first come round

In this world we re upside down when we first come round

But even when good seems bad keep trying to understand

That maybe with God on hand, we might make it
