Bridge To Nowhere - The Like

this is a very good song to play with acoustic guitar... enjoy it!

INTRO:**B G#m E F#**

B G#m E
Wake up It s over again
F#
The day is getting colder
B G#m E
Head aches, my mind breaks
F#
Kicked the covers on the floor
B G#m E
Downstairs They re laughing
F#
Everybody s seeming happy
B
I say it s too early
G#m E F#
To smile, I haven t done that in a while

B
Cuz I can t see your face any longer
C#
Not a trace any longer
E
I can t hide
B
I m not laughing anymore
B C#
I can t be who you wanted me to be
E
Who you wanted me to see
B
I don t know now what s in store
Anymore

SAME AS ABOVE

Flashbacks of times past
I would just forget to make it last
Turning on the lights
I m waiting
Nothing seems to be changing
