Intro

The intro is strummed down, down, down up up. On the first up stroke, add the suspended to the E chord. On the second up stroke, remove it. Play this three times, then a final

E chord on a down stroke to end the intro.

Verses

The names of these bar chords (without a capo) are written with the lyrics. Z plays them bar chords off the E string, besides the B s. C# s and F s next to which I wrote With the capo, you ll finger them as G s, A s, and D s. The next verse is played the way.

Eb **D**
 We were up all night
 C# **C**
 Talking trash and wasting time
 C# **C**
 When he says you re beautiful
 C#(open) G(open)
 It s not a line
 Eb **D**
 But in the morning you might find
 C# **C**
 That he might have changed his mind
 Fm **C**
 He got lonely for a love
 C#(open) G(open) Eb(open)
 For just one night

Bridge

These chords are written in the same way. Each is strummed 8 times (besides the last).

Eb
 You may say
 D
 Why don t you realise
Eb **C**
 I could give you everything
Eb
 But you see
 D **Eb**
 He can t be tied, contained
 C
 or satisfied by all

Eb (open)
 you could bring

You can probably take it from there. If you don t think I got all of the chords

right,
can watch a great video of The Like performing an acoustic version of this song
on the
Stone s youtube channel, which is where I got them from. I m not positive I got
them
though, so you may have to play around with them.
