

So I'll Sit Here Waiting The Like

Title: (So I'll Sit Here) Waiting

Artist: The Like

Album: Are You Thinking What I'm Thinking?

Tabbed by: UsingThisName

Tuning: standard

I decided to tab this song after noticing that the other two versions were incomplete and/or slightly off.

I took the intro from SandraM's So I'll Sit Here Waiting Tab, and the chords from percypig's So I'll Sit Here Waiting Chords.

I made minor placement adjustments to the Bm's in the chorus, added an E to the last chorus, laid out the whole song, and tabbed the bridge, 3rd verse, and end section.

INTRO

```
e|-----| x3
B|--9---9---9---9---9---9---9---9---9---| (every time the intro is played throughout
the song,
G|9---9---8---8---7---7---8---8---| the last note should be left out of the
last repeat)
D|-----|
A|-----|
E|-----|
```

VERSE 1

```
E                E7                                A
So I'll sit here waiting while the worlds all pass me, you can't have me
E                E7
Walk by me I can't say a word I'm helpless
A                Am
Can't help me, you can't stop me now
```

CHORUS

```
E                Bm
Cuz I wanna be bad for you
You just lead the way I'll follow
E                Bm
I don't wanna think it through
Never give a thought tomorrow
```

INTRO x2 (leave off the last note the second time)

VERSE 2
