

**Astronomy**

**The Likes Of Us**

Astronomy

Capo 3, C Position

Verse 1

**C** I m just driving home thinking of you  
**A** I m wondering if you miss me too  
**C** I m watching the stars shower the moon  
**G** Reminds me of how I fell for you

Chorus

**C** Just like the moon, I light up because of you  
**Em** Spin me around in a waltz with the stars  
**Am** Galaxies far are spiraling just for a view  
**C** My world revolves around you  
**Em** My world revolves around you  
**Am** My world revolves around you  
**Fm** My world revolves around you  
**G** Yeah it s you

Verse 2

**C** If my soul went sailing but sank to a black hole alone  
**F** The gravity of your heart would carry me home

Chorus x2
