

**Im On A Boat**  
**The Lonely Island**

-----  
THE LONELY ISLAND - I m on a Boat  
-----

Tabbed by: DoubleGats  
Email:

Tuning: Standard

The entire song follows the chord progression Am , C , F , G (barred) (or standard G; I know how Gbar sounds, though, but it s up to you). You can also play the power chords if you like, but the standard chords offer a fuller sound. I know they re not labeled correctly, but to make it simple I put them in parentheses next to the standard chords.

Enjoy! And buy their CD; these guys are hilarious.
