

Spring Break Anthem
The Lonely Island

Capo 3

Repeat chord progression

Am **C**
Kings of the bar scene, pounding on brewskies,
G **Am**
Banging chicks right there in the sand,
Bros before hoes and chicks with no clothes and
Slammin shots and marry a man!

Who wanna do a shot? (we do),
I m gonna get fucked up (me too),
We came for a week, we re the kings of the beach,
Spray water on the girls (T-shirts, see trough),
Cancun, party down, Lauderdale, another round,
Havasu, crack a brew, marry a man!

Pranks when you re passed out, jokes about roofies,
Making girls kiss, marry a man!
Giant sombreros, show us your titties,
Creatine shakes, marry a man!

(SPRING BREAK Y ALL!)

Oh shit! I m too fucked up! Puke and rally, that s what s up!
Booze cruise, raise your glass, serve that coke off her ass!
Two chicks at the dance hall, take it to the damp stalls,

Trade these beads for their braaaaaaaaaa!!!
So-Co in my canteen, got girls jumpin on a trampoline,
Two men bound by the laaaaaaaaaw!!!

Trashing hotelrooms, clogging up toilets,
Beer goggles if she s a hag,
Planning the menu, picking out flowers,
Nailing sluts and writing our vows!

Down here it s our time! Springbreakers, let s get fucked up!
Then find Mr. Right and get monogamous
Picking our invite font as a twosome,
Something tasteful but not too bland,
Seating arrangements, charming the in-laws,
Ripping beer bongz, sex with a man!

Will be so happy, true love forever,
Two kings walking hand in hand,

Promise to cherish, trust and respect him,
Crushing pussy, marry a man!
