Blush showing on your face
Smell of the hair spray
Springsteen on the radio waves
Lights dancing in a field spinning Ferris wheel
Get three throw for one-dollar bill
Straw in a coke and you take a sip
Funnel cake burning up your fingertips
Kiss the powdered sugar off of your sweet lips.

Feel so good so right
American beauty
American beauty
Fall in love tonight
American beauty
American beauty

We could watch the marching band
But we got other plans
Stamp on both our hands
In case we want to go back
Road in the dark find a place to park
We can watch the fireworks start
Laying on a blanket and I pull you to me
Just like a scene from a drive in movie
Don t have anywhere to go now do we

Feel so good so right
American beauty

American beauty
Fall in love tonight
American beauty
American beauty

Colored up like a Rockwell painting
Dancing round in my blue suede shoe
Apple pie that momma s baking
Look around I love the view...yes I do

Feel so good so right
American beauty
American beauty
Fall in love tonight
American beauty
American beauty

laying on a blanket and i pull you to me
just like a scene from a drive in movie
dont have anywhere to go now do we

feels so good so right
american beauty
american beauty
fall in love tonight
