

Rainbow Valley
The Love Affair

A classic song from a band that had a stream of hits in the 60 s.
Most of their songs were penned by Phillip Goodhand-Tait. However this was a
Buzz
Cason/M.Gayden song. Their songs were big productions with lots of
orchestration.
Although a
big success they were heavily criticised by the media for not playing their
instruments
on some of their recordings, relying on session musicians and an orchestra.
However I saw
them live in the late 60 s and found them to be a good live band with plenty of
energy
and some great guitar work by Rex Brayley with Steve Ellis adding a vocal sound
which
still today takes some beating.
If any of the band, (Steve Ellis, Rex Brayley, Mike Jackson, Mo Bacon or Morgan
Fisher)
get to see this tab please drop me an email - love to hear from you, and please
correct
any mistakes I ve made!!
