[Verses]

C Set the sails I feel the winds a stirring
Am Toward the bright horizon set the way
Am Cast your wreckless dreams upon our Mayflower
G Haven from the world and her decay

C And who could heed the words of Charlie Darwin
Am Fighting for a system built to fail
Am Spooning water from their broken vessels
G As far as I can see there is no land

F Oh my god, the water s all around us
F Oh my god, it s all around

C And who could heed the words of Charlie Darwin
Am The lords of war just profit from decay
Am And trade their children s promise for the jingle
G The way we trade our hard earned time for pay

F Oh my god, the water s cold and shapeless
F Oh my god, it s all around
F Oh my god, life is cold and formless

F **C** **G** **C**
Oh my god, it s all around
