

To The Ghosts Who Write History Books The Low Anthem

ODD CHORDS - C/G*	C/F**
0	0
1	1
0	2
2	3
3	3
3	x

*You can play a regular C instead of C/G. Both are fine but I think C/G sounds nicer.

**You can also play a regular F instead of C/F. Again, they both sound pretty close, but I think C/F sounds nicer. All down to personal preference =)
