I love you,
**F#**                              **G#**
And everything about you.
**C#**               **Bbm**
Wonât you stay away,
**F#**                          **G#**
So I can get my work done
**C#**             **Bbm**
in a day, okay?
**F#**                          **G#**
Well maybe in the meantime,
**F#**                          **G#**
You and me will be fine?

**C#**                   **Bbm**
If you just relax,
**F#**                                          **G#**
And check your eyes for cataracts,
**C#**               **Bbm**
Its plain to see,
**F#**                      **G#**
That I was meant for you
**C#**                       **Bbm**
and you were meant for me.
**F#**                      **G#**
Darling hold me tightly,
**F#**                      **G#**
I think you and me, we might be

Pre-Chorus

**Bbm**          **F**          **Bbm**              **F**

Falling, falling, falling, im falling in,

Chorus

**C#**, **Bbm**, **F#**, **G#** x2
Loooooove. Lovvveeeeee.

**C#**                     **Bbm**
Drama queen,
**F#**                           **G#**
like when you see a fire
**C#**                  **Bbm**
You grab the gasoline.
**F#**                           **G#**
Now honey please calm down,
**C#**                          **Bbm**
Yes, just donâ€™t make a scene.
**F#**                                **G#**
Theyâ€™re asking us to leave now,
**F#**                               **G#**
And calling the police now.

**C#**                         **Bbm**
Yes heâ€™s a manly man,
**F#**                           **G#**
cause youâ€™re defending me,
**C#**                         **Bbm**
Just like a punching bag,
**F#**                                **G#**
but I can take a punch
**C#**                          **Bbm**
If you can take a jab
**F#**                                 **G#**
You can catch me when I fall,
**F#**                                 **G#**
And dress your wounds with alcohol.

Pre-Chorus

**Bbm**            **F**          **Bbm**                **F**
