

**Pelican**  
**The Maccabees**

Tabbed by: Calum Dowd

Great song, very simple to play. I tend to barre most of the chords as it sounds more like the song.

**A**                    **A**                    **A**                    **D**        **D**  
So soon we re, so soon we re, so soon we re too old to carry  
**A**                    **A**                    **A**                    **D**        **D**

We knew we, we knew we, we knew we only had a little while  
**A**                    **A**                    **A**                    **D**                    **D**  
In the middle, in the middle, in the middle, just keep ticking over  
**A**                                    **A**                                    **A**  
And Before you know it, and before you know it, and before you know it,  
**D**                    **D**  
parent a parent

**A A A D D A A A D D**

**A**                    **A**                    **A**                    **D**                    **D**  
To have it all, to have it all, to have it all and still want more  
**A**                                    **A**                                    **A**                                    **D**

One things for sure, one things for sure, one things for sure we re all  
**D**  
getting older

**A**                                    **A**                                    **A**                                    **D**  
So we take a lover, so we take a lover, so we take a lover waiting in the  
**D**  
corner

**A**                                    **A**                                    **A**                                    **D**  
Before you know it, before you know it, before you know it pushing up the  
**D**  
daisies

**A A A D D A A A D D**

**A**                                    **G**  
And we go back to where we came from

Like those before and those to come  
**C**                                    **Em**  
And know its the ever and the more

And again and again and again

**A** **A** **A** **D** **D**  
In the end, in the end, in the end nothing comes easy

**A** **A** **A** **D**  
So you find a way, so you find a way, so you find a way to take a little  
**D**  
with you

**A** **A** **A** **D**  
For the ones you love, for the ones you love, for the ones you love, there  
**D**  
if they need to

**A** **A** **A** **D** **D**  
Pharaoh, pharaoh, pharaoh they re not coming with you.

**A A A D D A A A D D**

**A** **G**  
And we go back to where we came from

Like those before and those to come  
**C** **Em**  
And know its the ever and the more

And again and again and again

**A** **A** **A** **D** **D**  
So soon we re, so soon we re, so soon we re too old to carry

**A** **A** **A** **D** **D**  
We knew we, knew we, we knew we only had a little while

**A** **A** **A** **D** **D**  
In the middle, in the middle, in the middle, just keep ticking over

**A** **A**  
And Before you know it, and before you know it, and before you know it,  
**D** **D**  
parent a parent

**A A A D D A A A D D**

**A** **G**  
And we go back to where we came from

Like those before and those to come  
**C** **Em**  
And know its the ever and the more

And again and again and again
