

All My Little Words
The Magnetic Fields

[Verse 1]

G
You are a splendid butterfly
Em
It is your wings that make you beautiful
D C
And I could make you fly away
G
But I could never make you stay
G
You said you were in love with me
Em
Both of us know that that s impossible
D C
And I could make you rue the day
G
But I could never make you stay

[Chorus]

D C
Not for all the tea in China
G
Not if I could sing like a bird
D C
Not for all North Carolina
G
Not for all my little words
D C
Not if I could write for you
G
The sweetest song you ever heard
D C
It doesn t matter what I ll do
G
Not for all my little words
