

All My Little Words
The Magnetic Fields

[Verse 1]

You are a splendid butterfly **G**
It is your wings that make you beautiful **Em**
And I could make you fly away **D C**
But I could never make you stay **G**
You said you were in love with me **G**
Both of us know that that s impossible **Em**
And I could make you rue the day **D C**
But I could never make you stay **G**

[Chorus]

Not for all the tea in China **D C**
Not if I could sing like a bird **G**
Not for all North Carolina **D C**
Not for all my little words **G**
Not if I could write for you **D C**
The sweetest song you ever heard **G**
It doesn t matter what I ll do **D C**
Not for all my little words **G**
