

**I Dont Believe In The Sun
The Magnetic Fields**

F# **B**
They say there s a sun in the sky
C# **F#**
but me, I can t imagine why.
B
There might have been one
C#
before you were gone
D#m **C#** **B**
but now all I see is the night,
F# **B** **C# B**
So I don t believe in the sun
F# **B** **D#m C#**
How could it shine down on everyone
B F# C#
and never shine on me
B F# C#
How could there be
B F# C#
such cruelty.

F# **B**
The only sun I ever knew
C# **F#**
was the beautiful one that was you.
B
Since you went away
C#
it s nightttime all day
D#m C# B
and it s usually raining too.

F# **B** **C# B**
So I don t believe in the sun
F# **B** **D#m C#**
How could it shine down on everyone
B F# C#
and never shine on me
B F# C#
How could there be
B F# C#
such cruelty.

B F# C# F#
The only stars there really are
B F# C#
were shining in your eyes.

B F# C# F#
There is no sun except the one
B F# C#
that never shone on other guys.
B F# C# F#
The moon to whom the poets croon
B F# C#
has given up and died.
C#
Astronomy will have to be revised.

F# B C# B
So I don't believe in the sun
F# B D#m C#
How could it shine down on everyone
B F# C#
and never shine on me
B F# C#
How could there be
B F# C#
such cruelty.
