You told me you loved me.
A **E**
I know where and when.
D **A**
Come sunrise, surprise surprise,
Bm **E**
the joke s on me again.

Bm **D**
I know you don t love me.
A **E**
You know I don t care.
D **A**
Keep it hidden better. Did I
Bm **E**
say the world was fair?

[Chorus]

Bm **D** **A**
I thought I was just the guy for you
E
and it would never end.

Bm **D** **A**
I thought we were supposed to be like glue.
E
I thought you were my boyfriend, I thought you were my boyfriend.

Bm **D** **A**
Love or not, I ve always got ten guys
E
on whom I can depend,

Bm **D** **A**
and if you re not mine, one less is nine; get wise.
E
I thought you were my boyfriend, I thought you were my boyfriend.

[Verse]

Bm **D**
I just hope you re happy
A **E**

stringing me along.

D **A**
While you re stringing, I m here singing
Bm **E**
this, my saddest song.

Bm **D**
I wish I could see you.
A **E**
I wish I could sleep.
D **A**
Should I freak out? Should I seek out
Bm **E**
someone I could keep?

[Chorus]

Bm **D** **A**
I thought I was just the guy for you
E
and it would never end.

Bm **D** **A**
I thought we were supposed to be like glue.
E
I thought you were my boyfriend, I thought you were my boyfriend.

Bm **D** **A**
Love or not, I ve always got ten guys
E
on whom I can depend,

Bm **D** **A**
and if you re not mine, one less is nine; get wise.
E
I thought you were my boyfriend, I thought you were my boyfriend.

[Bridge]

Bm
I wanted you tonight.
A
I walked around a lot,
G **Em** **G** **Bm**
wishing you were here to keep me from sleeping
Bm
with anyone who might
A
want me, or even not.
G **Em** **G** **Bm** **A** **G** **F#**
Some guys have a beer and they ll do anything, anything, anything

[Chorus]

Bm **D** **A**
I thought I was just the guy for you

E
and it would never end.

Bm **D** **A**
I thought we were supposed to be like glue.

E
I thought you were my boyfriend, I thought you were my boyfriend.

Bm **D** **A**
Love or not, I've always got ten guys

E
on whom I can depend,

Bm **D** **A**
and if you're not mine, one less is nine; get wise.

E
I thought you were my boyfriend, I thought you were my boyfriend.
