Е

[Verse] BmYou told me you loved me. I know where and when. Come sunrise, surprise surprise, the joke s on me again. BmI know you don t love me. You know I don t care. Keep it hidden better. Did I say the world was fair? [Chorus] BmI thought I was just the guy for you and it would never end. BmD I thought we were supposed to be like glue. I thought you were my boyfriend, I thought you were my boyfriend. BmD Love or not, I ve always got ten guys on whom I can depend, BmD and if you re not mine, one less is nine; get wise. I thought you were my boyfriend, I thought you were my boyfriend. [Verse] BmI just hope you re happy

```

this, my saddest song.

I wish I could see you.
I wish I could sleep.

I wanted you tonight.

wishing you were here to keep me from sleeping
with anyone who might
want me, or even not.
