[Verse 1]

Em B Em  
Oh Belle, i gotta say  
B Em B Em  
that you re the reason why i m sleeping so late.  
B Em B Em  
I can t forget that day, the one we first met.  
B Em B Em  
It was like a looper in my brain that recorded your face.

B Em B Em  
I know this game is hard to play,  
B Em B Em  
But anyway you ll finish learning it someday.  
B Em B Em  
I feel the strain about our age  
B Em B Em  
But somehow your indie style makes myself not to complain.

[Pre-Chorus]

Am B  
Inside of your cold soul theres something that is  
Am B  
Making you clouding my mind and im instead  
Am B  
Staring at your eyes trying to draw your face in a sketch.

[Chorus]

Em Am B  
Oh Belle,  
Em Bsus4 B  
Oh Belle,  
Em Am B  
Oh Belle...

[Verse 2]

Em B Em  
Oh Belle, i gotta say

**B Em B Em**  
That i understand your fear of being with me today.  
**B Em B Em**  
Im in love with your name and your indifference  
**B Em B Em**  
So much that I stopped thinking all of this was a coincidence.

**B Em B Em**  
Oh dear your gaze, puts me inside of a maze  
**B Em B Em**  
Of which im sure i will get out following your way.  
**B Em B Em**  
I need to stay with you at this place  
**B Em B Em**  
Cause i wanna get high and get to the fucking space.

[Pre-Chorus]

**Am B**  
Inside of your cold soul theres something that is  
**Am B**  
Making you clouding my mind and im instead  
**Am B**  
Staring at your eyes trying to draw your face in a sketch.

[Chorus]

**Em Am B**  
Oh Belle,  
**Em Bsus4 B**  
Oh Belle,  
**Em Am B**  
Oh Belle...
