

Belle
The Magnuz

[Intro]

Em B

[Verse 1]

Oh Belle, i gotta say
that you re the reason why i m sleeping so late.
I can t forget that day, the one we first met.
It was like a looper in my brain that recorded your face.

I know this game is hard to play,
But anyway you ll finish learning it someday.
I feel the strain about our age
But somehow your indie style makes myself not to complain.

[Pre-Chorus]

Inside of your cold soul theres something that is
Making you clouding my mind and im instead
Staring at your eyes trying to draw your face in a sketch.

[Chorus]

Oh Belle,
Oh Belle,
Oh Belle...

Em B

[Verse 2]

Oh Belle, i gotta say

B Em B Em
That i understand your fear of being with me today.

B Em B Em
Im in love with your name and your indifference

B Em B Em
So much that I stopped thinking all of this was a coincidence.

B Em B Em
Oh dear your gaze, puts me inside of a maze

B Em B Em
Of which im sure i will get out following your way.

B Em B Em
I need to stay with you at this place

B Em B Em
Cause i wanna get high and get to the fucking space.

[Pre-Chorus]

Inside of your cold soul theres something that is

Making you clouding my mind and im instead

Staring at your eyes trying to draw your face in a sketch.
