

Daisy
The Maine

Verse 1

G **Cadd9**
I picked you up and lifted your wilted frame into the sun.
Em D Cadd9
I was taken back, yeah I was taken back,

And by the time I caught my breath,
Em D Cadd9
You had blossomed into something that I did not expect.

And if it takes all night,

I swear I ll wait, For you, Forever.

Sunlight, sunshine, All for you my daisy.
Em D Cadd9
We re getting this before you leave, All for you my daisy.

You re a wreck and you know,

You ve got me wrapped around your finger,

But i ve figured you out.

And now we re here, We re so confused,
D Cadd9
And I wish that there was some way that I could tell you.

Sunlight, sunshine, All for you my daisy.
