

We ve got champagne taste
But not enough money for the real thing
We ve got flames in our veins
And just enough money for the weekend

Eb **Bb**
And last night I did things

F
My mother told me not to

Eb **Bb**
With the people I shouldn t see

F
In the places that I should not go

Eb **Bb**
And it felt just like

And it felt just like

F
And it felt just like

Eb
And it felt just like

Bb
And it felt just like

And it felt just like

F
It felt like love and drugs

Eb **G** **Eb**
Let the waves of strange fall down

Cm **G** **F**
Let them crash and drift around

Eb **Bb**
And last night I did things

F
My mother told me not to

Eb **Bb**
With the people I shouldn t see

F
In the places that I should not go

Eb **Bb**
And it felt just like

And it felt just like

F
And it felt just like

Eb
And it felt just like

Bb
And it felt just like

And it felt just like

F

It felt like love and drugs
