**F#**  
the people that you love to see  
**B**  
Where everybody knows your name,  
**F#**  
and they re smiling  
**B**  
We may not be gettin younger,  
**F#**  
our days might be slippin away  
**B**  
Yeah we re still so fucking young,  
**G#m**  
so we ll party like it s our last day

Pre-Chorus

**G#m**  
And for the first time,  
**F#**  
I feel less alone  
**B**  
And for the first time,  
**G#m**  
I can call this home

Chorus

**F#** **G#m** **B**  
It s our last time to say goodnight  
**C#** **F#**  
Don t say goodbye, cause in the morning we ll  
**F#** **G#m** **B**  
we ll see you around, and we ll sing it again,  
**C#**  
same time tomorrow, yeah we ll all join in

Verse 2 (same as Verse 1)

I m ashamed of feeling down now  
Cause we re the people we ve been waiting on  
All we needed was some good friends  
And a song to sing a long  
With voices yelling in the front room  
No one could tell us keep it down  
So we all just kept it loud,  
and tried to wake the entire town

Pre-Chorus

Chorus x2

We all will be the greatest
