My Heart Stood Still

C **F** **G**
I took one look at you,
C **F** **Fm**
That s all I meant to do,
 C **Fm** **F** **C** **C** **Em** **F** **G**
And then my heart stood still!

C **Em** **F** **G**
My feet could step and walk,
C **F**
My lips could move and talk,
C **Fm** **F** **C**
And yet my heart stood still!

C
Though not a single word was spoken
 G
I could tell you knew you knew (yeah).
 C **D**
That unfelt clasp of hands, yeah
 G# **G**
Told me so we-ell, yeah...

I never lived at all
Until the thrill of that
Moment when my heart stood still, yeah
And I never lived at all until the thrill
Of that moment when my heart stood still..
