The Mars Volta

Am **Em**

Close the doors...

C **G/B**

if you want to see her breathing again

Am **Em**

Blur the days...

C **G/B**

sleeping is just not an option

Am **Em**

How come every time I walk, you crawl?

C **G/B**

Then you cut out all the letters that make up this note

Am **Em**

I won't, I won't give up until I find out

C **G/B**

until I find what happened to you

Fmaj7

The solution inhaled from the rag I hold

Em

holds a maximum vacancy

Fmaj7

As I held you in crippled bandages

Em **G**

don't you stay up and wait for me

Am

Left dangling in the wind...
