

**Dont Wish It All Away**  
**The McClymonts**

[Intro]

**G D Am F**

[Verse]

**G**

I used to sleep away the mornings

**D**

Couldn't wait till the sun went down

**Am**

The weekend was always calling

**C**

I couldn't wait to get myself downtown

**G**

Mum and dad would try to reach me

**D**

I was too busy to take their calls

**Am**

**C**

I say I can talk tomorrow, but I never did and that's

**Am**

nothing new at all

**C**

But those days are long gone now

[Chorus]

**G**

And you wake up a little older

**D**

**Am**

Your babies lying on your shoulder and just like that

**C**

everything has changed

**G**

**D**

You can't stop time, days will always roll on by and before

**Am**

**C**

you know it you realise nothing stays the same

**Am**

**C**

**G**

If I could tell my younger self I'd say don't wish it all away

**G D Am C**

[Verse]

**G**

**D**

From gettin' muddy in the backyard, to letting me teach you how to play guitar

**Am**

**C**

I'll be there when your heart breaks and watch you take a drive in your first car

**G** **D**  
I often think if you ll be like me drivin out the gate when you turn 18  
**Am** **C**  
You probably think it s going slowly but don t move too fast  
**Am** **C**  
cause things will all work out but I m worrying about right now

[Chorus]

**G** **D**  
You wake up a little older you re teenage crying on your  
**Am** **C**  
shoulder and just like that everything has changed  
**G** **D**  
You can t stop time days will always roll on by and before  
**Am** **C**  
you know it you realise nothing stays the same  
**Am** **C** **G**  
If i could tell my younger self i d say don t wish it all away

**G D Am C**

[Bridge]

**Am** **C** **G**  
Cause just like that it s moments you can t get back  
**D**  
So don t wish it all away

**G**  
Yeah  
**D**  
Ohohoo  
**Am**  
Ohohoo

**C**

[Chorus]

**G** **D**  
You wake up a little older you re hoping that your kids come  
**Am** **C**  
over and just like that everything has changed  
**G** **D**  
Can t stop time days will always roll on by and before you  
**Am** **C**  
know it you realise nothing stays the same  
**Am** **C**  
If I could tell my younger self I d say  
**Am** **C** **G**  
even though life goes so fast it s all ok but don t wish it all away

[Outro]

**G** **D** **Am**

Ohhh yeah

**C** **G**

Don t wish it all away
