

My Roots Are Strong And Deep
The Microphones

[Verse]

G **C**
My roots are strong and deep
G **C**
I m swaying in your breeze
G **C**
My limbs stretch out to meet you
G **C**
You ve got me on my knees

G **C**
I stand tall
G
My feet are on the ground
C
But compared to you I m small
G
The things you need you just surround

C G C

G **C**
You re wrapped around the earth
G **C**
You circle it with air
G **C**
You re trapped inside the core
G **C**
With hot, hot lava hair

G **C**
I wish you could sprout
G
But you can t stick your neck out
C
I want you climbing up my limbs
G
But I m just stumped by your whims
