You were mistaken you are to blame
G Em
Lately I ve taken to getting my own way
C D G
Yes, it s you my love it s you I m running from

Em C G
I ll be in New York send for me when you want more
Em C D
I ll be in New York without you like before

C D
I m never lonely off making trails
G Em
Passed on the only woman dressed in veil
C D G
Oh, it s you my love it s you I m running from

C D
When your beds empty will I appear
G Em
In dreams you so badly wish could draw me near
C D G
Oh, it s you my love it s you I m running from

Em C G
I ll be in New York send for me when you want more
Em C D
I ll be in New York without you like before
