D Dsus4

and I m feeling alive

D/B Am Am/C Am/C

and I m feeling strong again when I m with you

CHORUS:

G D/F#

And it hits me

Am C

Just like a runaway train

G D/F#

And it blows me away

Am C

Just like a hurricane

Em C G D/F#

You can make me happy and I hope you feel the same

Em C G D/F#

You make me feel just like a child, a child again

I m not trapped anymore

Between Madonna and the whore when I lay with you

And the days run away

Like wild horses run away when I m with you

And I m breathing you in

Just like the morning air

And I m wrapping you around

Just like a skin to wear

Oh sweet thing

I m born once again

For you sweet thing
Just like a baby again
You make me happy and I hope you feel the same
And I m in Heaven and it feels like a gentle rain
You make me happy and I want you to feel the same
You make me feel just like a child
A child again
